## ECUs evolution

**33 Brands | 598 Models**

**5391 ECUs added or modified since 2020 January**

# Express Diag 2.0

Your Express Diag becomes more powerful and will automatically read the following settings:

VIN	Time before draining
Mileage	Mileage since last maintenance
Battery voltage	Maintenance overrunning time
Distance before draining in km	Distance before maintenance in km

These settings can be seen on your screen once the Express Diag is finished! (By clicking "Read Maintenance Information").

# Unlock Fiat Vehicle

You may have noticed, but FCA has been securing its vehicles since late 2018 via a Security Gateway. This security blocks access to fault clearances, actuator tests, advanced functions (e. g. maintenance reset) ...etc.

FCA now offers on its FCA Technical Information website, the possibility to buy subscriptions for 24 hours, 1 month or 1 year, allowing you to unlock this Security Gateway.

Discover below the procedure to be applied with Multi-Diag 360 to be able to diagnose FCA vehicles again!
